“If this kind of difficult, classy work is what we are to expect from the newly opened Print Room, artistic directors Lucy Bailey and Anda Winters are poised to make some real waves with this powerful new venue” *WHAT'S ON STAGE*

The Print Room is London's most exciting new venue. Situated in the heart of Notting Hill, this small 50's warehouse is now a flexible theatre space with 80 seats.

Under the leadership of Artistic Directors Anda Winters and Lucy Bailey, the Print Room has become recognised for its bold and challenging programme.

So far we are delighted to have won an overwhelmingly positive response to both the venue and the productions. To sustain the high quality of work and to continue to produce exciting new theatre, we need to ask for your help.

We are a registered charity, and rely on donations to keep the theatre running. Even if we sell every ticket for every performance it will only cover 30% of the annual budget needed to keep our theatre open and producing work.

How you can help:

You can become a friend of The Print Room, join us as a Print Room Patron or make a one-off donation.

Even a small donation will make a big difference.

Thankyou.
